EN Precautions

- Always perform trial cutting (test cut) for each pattern before beginning project.
- Note reducing the size of the pattern may result in a lesser quality cut.

DE Vorsichtsmaßnahmen

- Sie sollten einen Testschnitt durchführen bevor Sie Ihr Projekt beginnen.
- Das Material wird möglicherweise nicht sauber geschnitten, wenn das Muster verkleinert wird.

FR Précautions

- Effectuez des tests de découpe chaque fois avant de commencer à créer votre projet.
- La découpe risque de ne pas être nette si vous diminuez la taille du motif.

NL Voorzorgsmaatregelen

- Voer altijd eerst een test-uitsnijding uit, voordat u met het project begint.
- Als u het patroon verkleint, is het mogelijk dat de vormen niet goed worden uitgesneden.

IT Precauzioni

- Eseguire un taglio di prova prima di realizzare il progetto.
- Riducendo le dimensioni del disegno il materiale potrebbe non essere tagliato con precisione.

ES Precauciones

- Siempre realice un corte de prueba (corte de prueba) para cada patrón antes de comenzar el proyecto.
- Tenga en cuenta que reducir el tamaño del patrón puede dar como resultado un corte de menor calidad.

RU Меры предосторожности

- Выполните пробное вырезание перед началом работы с изделием.
- При уменьшении размера рисунка вырезание материала может быть выполнено неаккуратно.

JA 使用上の注意

- カットを始める前に試し切りをしてください。
- 縮小するときれいにカットできない場合があります。
